

116TH CONGRESS
2D SESSION

H. RES. 1114

Expressing support for the designation of the month of September as
“National Voting Rights Month”.

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 15, 2020

Mr. VEASEY (for himself, Mr. SUOZZI, Mr. PAYNE, and Mr. GRIJALVA) submitted the following resolution; which was referred to the Committee on the Judiciary, and in addition to the Committees on House Administration, Intelligence (Permanent Select), Oversight and Reform, Science, Space, and Technology, Education and Labor, Ways and Means, Financial Services, Ethics, and Homeland Security, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

RESOLUTION

Expressing support for the designation of the month of September as “National Voting Rights Month”.

Whereas voting is one of the single most important rights that can be exercised in our democracy;

Whereas over the course of history, various voter suppression laws in the United States have hindered, and even prohibited, certain individuals and groups from exercising this right;

Whereas during the 19th and early 20th centuries, many Native Americans and Americans who were born abroad, many individuals who did not speak or write English, and

many who were formerly subjected to slavery, were denied full citizenship and prevented from voting by English literacy tests;

Whereas since the 1870s, minority groups such as African Americans in the South suffered from the oppressive effects of Jim Crow laws designed to prevent political, economic, and social mobility;

Whereas African Americans, Latinos, Asian Americans, Native Americans, and other underrepresented groups were subject to violence, poll taxes, literacy tests, all-White primaries, property ownership tests, and grandfather clauses that sought to suppress their right to vote;

Whereas members of the aforementioned groups and others are currently, in some cases, subject to intimidation, voter roll purges, bans on former prisoners from voting, and financial barriers that act effectively as modern day poll taxes;

Whereas in 1965, Congress passed the Voting Rights Act of 1965 to protect the rights of African Americans and other traditionally disenfranchised groups to vote, among other reasons;

Whereas in 2013, in the landmark *Shelby County v. Holder* case, the Supreme Court invalidated section 4 of the Voting Rights Act of 1965, dismantling the preclearance provision in the law that protected voters in States and units of local governments that historically have suppressed the rights of minorities to vote;

Whereas since the preclearance provisions of the Voting Rights Act of 1965 have been vacated, among other effects, many States' gerrymandered districts have gone

unchallenged or have become less likely to be invalidated by the courts;

Whereas these gerrymandered districts have been found to have a discriminatory impact on traditionally disenfranchised minorities through tactics that include “cracking”, diluting their voting power across many districts, and “packing”, concentrating minority voters’ power in one district to reduce their voting power in other districts;

Whereas the courts have found the congressional and, in some cases, State legislative district maps in Texas, North Carolina, Florida, Pennsylvania, Ohio, Maryland, Wisconsin, and other States to be gerrymandered districts that were created to favor some groups over others;

Whereas the *Shelby County v. Holder* Supreme Court decision calls on Congress to update the formula in the Voting Rights Act of 1965 to better match current data;

Whereas in at least 23 States, some form of restrictive voting law has been instituted since 2013;

Whereas these restrictive voting laws encompass cutbacks in early voting, voter roll purges, placement of faulty equipment in minority communities, requirement of photo identification, and elimination of same-day registration;

Whereas these policies could outright disenfranchise or make voting much more difficult for more than 80 million minority, elderly, poor, and disabled voters, among other groups;

Whereas in 2016 alone, discriminatory laws in North Carolina, Wisconsin, North Dakota, and Texas were ruled to violate voters’ rights and were overturned by the courts;

Whereas the COVID–19 public health emergency has only exacerbated the state of elections and voters’ access to the ballot;

Whereas the lack of fair and safe election policies threaten minority communities, which have been disproportionately impacted and disenfranchised due to the COVID–19 pandemic, and their access to the ballot;

Whereas tackling the challenges of administrating upcoming elections requires increasing the accessibility of vote-by-mail and other limited contact options to ensure the protection of voters’ health and safety amid a global pandemic;

Whereas as voting by mail becomes a safer and a more accessible option for voters to exercise their Constitutional right to vote during these unprecedeted times, a fully functional and reliable United States Postal Service is of paramount importance in successfully conducting elections;

Whereas Congress must work to combat any attempts to dismantle or underfund the United States Postal Service and thereby obstruct the passage of the mail as blatant tactics of voter suppression and election interference;

Whereas there is much more work to be done to ensure all Americans have the right to vote through free, fair, and accessible elections;

Whereas National Voter Registration Day is September 22; and

Whereas the month of September would be an appropriate month to designate as “National Voting Rights Month” and ensure our democracy includes all of us through the

registration of voters and awareness of elections: Now, therefore, be it

10 to vote, and the different forms of voting; in addi-
11 tion to teaching the history of voter suppression in
12 America before and after the Voting Rights Act of
13 1965, and current measures that have been passed
14 to restrict the vote;

19 how ordinary citizens risked their lives, marched,
20 and participated in our great democracy so all
21 Americans would have the fundamental right to vote;
22 and

4 people to get out and vote.
